RELEVANT EXPERIENCE

CORPOLA TECH   Naya Baneshwor, Kathmandu
ReactJs Intern   2023 Nov - 2024 Feb

- Led the development of a cutting-edge educational platform using diverse arrays of technologies like Javascript, React, CSS, Semantic UI & more to ensure a responsive and engaging user experience.
- Collaborated with cross-functional teams for seamless API integration, optimizing state management with Redux Toolkit, and implementing aggregators for enhanced data processing.
- Applied expertise in geospatial data analysis, processing GeoJSON from OpenStreetMap (OSM) and proficiently using React Leaflet to craft insightful maps.
- Guided optimization efforts, collaborating with senior developers to identify and resolve software bugs, enhancing overall performance.

SELECTED PROJECTS

Cozymart | React, Tailwind CSS, Daisy UI   Sep 2023 - Nov 2023

- Crafted a dynamic e-commerce store with user authentication, dynamic cart system and an intuitive user interface.
- Implemented advanced API integration for efficient product display and seamless order management.

JobPortal | React, Tailwind CSS   Jan 2024 - Feb 2024

- Developed a recruiter-focused dashboard with detailed job posting analytics and enhanced filtering options.
- Streamlined the job posting process with simplified user profile setup and robust job management features.

Portfolio Website | Html, CSS, Javascript, Sass   Aug 2023 - Dec 2023

- Developed a portfolio project that demonstrates a range of technical and creative skills, showcasing expertise in web development, design, and user experience.
